The financial statements have been prepared on a historical cost basis, except for certain financial assets and liabilities which have been measured at fair value as described in accounting policies regarding financial instruments.

During the financial year ended March 31, 2021, your Company has recorded a turnover of Rs. 101.76 Lakh as compared to a turnover of Rs. 88.57 Lakh recorded during the previous financial year ended March 31, 2020, thereby, embarking a remarkable growth as compared to the last financial year.

TRANSFER TO RESERVES

The Board of Directors of your Company has decided not to transfer any amount to the Reserves for the year under review, except statutory transfer to RBI Reserve Fund in accordance with the Regulatory Requirements.

DIVIDEND

The Board of Directors of your Company, after considering holistically the relevant circumstances, has decided that it would be prudent, not to recommend any Dividend for the year under review.

Your Company do not have any amount / shares which is transferred or pending to be transferred to Investor Education & Protection Fund (IEPF).

MAJOR EVENTS DURING THE YEAR

A. State of Company's Affairs

Your Company is mainly into investing in and acquiring and holding shares, stocks, debentures, bonds, mutual funds and/or other securities issued or guaranteed by any company constituted or carrying on business in India and/or by any Government, state, public body or authority. The major revenue of the Company has been generated by way of carrying out the activity of investment in shares, securities and mutual funds, i.e., NBFC activities.

B. Change in the Nature of Business

There has been no change in the nature of business activity being carried on by your Company during the financial year.

C. Material changes and commitment, if any, affecting the financial position of the company occurred between the end of the financial year to which this financial statements relate and the date of the report

In pursuance to Section 134(3)(l) of the Companies Act, 2013, no material changes and commitments affecting the financial position of your company has occurred between the end of the financial year to which the financial statements relate and the date of this Report except the impact of the COVID-19 pandemic which is enumerated below.

Impact of COVID-19 Pandemic

On account of outbreak of COVID-19 the government of India/Government of respective countries had imposed a nation-wide lockdown in the month of March, 2020 leading to temporary shut-down of the operations. Since then the respective government and state authorities has progressively relaxed lockdown conditions and has allowed industries and businesses to resume operations and the company has commenced its project operations in a phased manner from May 2020 as per the relaxations announced by the appropriate government authorities. The management has assessed its liquidity position as on March 31, 2021 and does not anticipate any challenge in the company's ability to continue as a going concern including recoverability of the carrying value of its property, plant and

equipment and intangible assets. The impact of pandemic in the subsequent periods is highly dependent on the situations as they evolve, hence eventual impact may be different from that estimated as at the date of approval of these financials.

SHARE CAPITAL

During the year under review, there has been no change in the capital structure of your Company. The Authorized Share Capital of the Company as on March 31, 2021 stands at Rs. 5,50,00,000 divided into 55,00,000 equity shares of Rs. 10/- each. The Issued, Subscribed and Paid-up Share Capital of the Company is Rs. 5,22,92,090 divided into 52,29,209 equity shares of Rs. 10/- each.

BOARD COMPOSITION

The current policy is to have an appropriate mix of executive, non-executive and independent directors to maintain the independence of Board and separate its functions of governance and management.

Directors and Key Managerial Personnel (KMP)

As on March 31, 2021, the Board of Directors of your Company is duly constituted under the Chairmanship of an Independent Director and comprises of three Independent Directors, two Non-Executive Directors and one Whole-Time Director. The Board has an appropriate mix of knowledge, wisdom and varied industry experience to guide the Company in achieving its objectives in a sustainable manner.

In accordance with the provisions of Section 152 (6) & (7) of the Companies Act, 2013, the executive and non-executive directors of the Company, apart from Independent Directors, are subject to retirement by rotation. Accordingly, Mr. Anand Prakash, who was appointed on September 29, 1994, being the longest-serving member and who is liable to retire, being eligible, seeks re-appointment. The Board recommends his appointment.

There was no change in the composition of the Board of Directors or KMPs during the financial year under review. However, post closure of the financial year ended March 31, 2021, Mr. Purushottam Lal Agarwal left for heavenly abode on May 22, 2021 due to the fatal Covid-19 virus which has claimed the lives of millions across the globe. The Board observed silence as a gesture of respect towards the departed soul and thereafter in its meeting held on June 16, 2021, on recommendation from the Nomination & Remuneration Committee, appointed Mr. Aditya Sadani to fill the vacancy caused by the sudden demise of Mr. Purushottam Lal Agarwal.

Subsequently, Mr. Raj Kumar Jalan placed resignation letter across the Board which was accepted by the Company w.e.f. June 30, 2021 and the Board placed on records its recognition and appreciation of the services rendered by Mr. Raj Kumar Jalan during his tenure as the Independent Director and Chairman. The Board, thereafter, holistically considering the qualifications, integrity, experience and expertise and on the recommendation of the Nomination & Remuneration Committee, appointed Mr. Amit Kumar Sureka as the Independent Director and Chairman of the Company subject to the approval of the members at this 39th Annual General Meeting.

Independent Director

During the year under review, Mr. Raj Kumar Jalan, Mr. Rajesh Lihala and Ms. Saileena Sarkar held the office of Independent Directors of the Company in accordance with the provisions of Section 149 of the Companies Act, 2013.

All Independent Directors have submitted declarations confirming that they meet the criteria of independence, as prescribed under Section 149(6) of the Companies Act, 2013. Independent Directors have also confirmed compliance with the Company's Code of Conduct and the Code of Independent Directors prescribed in Schedule IV to the Companies Act, 2013 during the FY 2020-2021. Based on the disclosures received from all the independent directors and in the opinion of the Board, the independent directors fulfil the conditions specified in the Companies Act, 2013, SEBI (LODR) Regulations, 2015 and are independent of the management.

However, after the closure of the financial year ended March 31, 2021, Mr. Raj Kumar Jalan resigned from the Board of the Company due to personal reasons and pre-occupation only. Mr. Raj Kumar Jalan has confirmed that there was no material reason for his resignation other than those provided in the resignation letter. Consequently, the Board appointed Mr. Amit Kumar Sureka as the Independent Director to fill the vacancy.

MANAGEMENT DISCUSSION & ANALYSIS REPORT (MDAR)

OVERVIEW

Easun Capital Markets Limited is registered with the Reserve Bank of India Non-Deposit Accepting NBFC and offers and engaged in the business of Investment in share and securities of listed and unlisted entities and providing of loan and advance to SME.

The management has well-perceived and deliberated on various factors within the limits set by the Company's competitive position as discussed in this report.

INDUSTRY STRUCTURE AND DEVELOPMENTS

Non-Banking Finance Companies (NBFCs) are an integral part of the country's financial system, catering to a large market of niche customers, and have emerged as one of the major purveyors of retail and SME credit in India. It is a heterogeneous group of institutions (other than commercial and co-operative banks) performing financial intermediation in a variety of ways, such as accepting deposits, making loans and advances, providing leasing/hire purchase services, among others. There are over 12,000 NBFCs in India mostly in the private sector. NBFCs as a whole account for 12.7 % of assets of the total financial system. The total number of NBFCs registered with the RBI, consisting of NBFCs-D (deposit taking) and NBFCs-ND (non-deposit taking), declined from 12,409 at the end of June 2011 to 12,385 at the end of June 2012. The number of NBFCs-D declined from 297 to 271 during the same period, mainly due to the exit of NBFCs-D from deposit-taking activity, while non-deposit-taking systemically important NBFCs (NBFCs-ND-SI with asset size Rs. 1,000 million and above) increased from 330 to 370 during the same period.

NBFCs, historically are involved in providing financial services such as offering of small ticket personal loans, financing of two/three wheelers, truck financing, farm equipment financing, loans for purchase of used commercial vehicles/machinery, secured/unsecured working capital financing, etc. Further, NBFCs also often take lead role in providing innovative financial services to Micro, Small, and Medium Enterprises (MSME) most suitable to their business requirements. The characteristics of NBFC financial services include simpler processes and procedures in sanction and disbursement of credit; timely, friendly and flexible terms of repayment aligned to the unique features of its clientele, albeit at a higher cost.

Retail focused NBFCs witnessed a challenging period of subdued growth and build-up in delinquencies in FY 2014 as a result of prolonged weakness in economic and business outlook. The strong verdict in the parliamentary elections has led to an improvement in sentiments, fuelled by expectations of speedy decision making and investor-friendly reforms. Such post-election optimism however would need to be translated to a higher level of capital formation and industrial production in order to facilitate an improvement in prospects and business climate. In this backdrop retail focused NBFCs might see revival in growth in FY 2015 to 11-14% from about 8% witnessed in FY2014, although expected largely during the latter half of the year. Asset quality pressures of retail focused NBFCs however may take longer to subside, although a high proportion of NBFCs assets in secured lending segments could limit their lifetime losses to a manageable level. Over the longer term, the growth outlook for NBFCs could be more benign as credit demand pickups. At the same time NBFCs will need to manage competitive pressures from banks, which have increased their retail lending focus in light of pressure on corporate lending.

The Company is mainly into investing in and acquiring and holding shares, stocks, debentures, bonds, mutual funds and/or other securities issued or guaranteed by any company constituted or carrying on business in India and/or by any Government, state, public body or authority.

A trusted and customer-centric, one-stop financial services provider, the Company caters to the diverse needs of corporate customers, across various areas of business. Our Company is focused only on its main line of business of investment and financing.

The markets your Company serves are undergoing a massive disruption due to the outbreak of COVID-19. The situation caused by the COVID-19 pandemic continues to evolve and the effects on such markets remain uncertain. The outlook going forward will depend, in addition to other factors, on how COVID-19 continues to affect the global economy.

OPPORTUNITIES AND THREATS

The Company is led by a dedicated and passionate professional management team and each key member of the team has years of experience in the industry. The Company focuses on the core business activities and our commitment towards transparency enables us to maintain good relationship with our customers.

SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE

The company is primarily engaged in the single business of Financing and Investment.

OUTLOOK

The Covid-19 pandemic has exacerbated the woes of non-banking financial companies (NBFCs). The decline in non-bank credit growth, which started in the second half of fiscal 2019, continued through fiscal 2020. NBFCs are now more vulnerable than banks when it comes to making timely loan repayments. Despite the three-month moratorium package offered by RBI, the NBFC industry faces an overall debt accentuated first by economic slowdown and then - more vigorously - by the pandemic. The impact of delayed payments is likely to reduce the liquidity within NBFCs. Additionally; this can have a subsequent impact on the credit quality of loans and other portfolios. The weakening quality of assets could further worsen the liquidity crunch in leading NBFCs. It is expected that earnings for the NBFC sector in India is likely to be reduced for the financial year 2021-22. NBFC industry is facing serious challenges as it tries to combat the economic impact of the COVID-19 outbreak. Even as the Indian economy is likely to reopen towards the later part of the year, NBFCs will continue to face challenges in improving their asset quality and cash crunch.

RISKS AND CONCERNS

The Company is exposed to market risk and credit risk. The Company's senior management oversees the management of these risks and is supported by professional manager who advises on financial risks and assist in preparing the appropriate financial risk governance framework for the Company. It provides assurance to the Company's senior management that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. It is the Company's policy that no trading in derivatives for speculative purposes can be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks which are summarized under Note No. 43(C) of the attached Financial Statements.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Management continuously reviews the Internal Control Systems and procedures for the efficient conduct of the Company's business. The Company adheres to the prescribed guidelines with respect to the transactions, financial reporting and ensures that all its assets are safeguarded and protected against losses. Internal Control System are implemented to safeguard the Company's assets from loss or damage, to keep a constant check on the cost structure, to prevent revenue leakages, to provide adequate financial and accounting controls and implement accounting standards.

M/s Rakesh Ram & Associates, Chartered Accountants, have conducted the Internal Audit of the Company. The report thereof is placed before the Audit Committee for evaluation of internal financial controls and risk management systems.

The Company Secretary of the Company is designated as the Chief Investor Relations Officer (“CIRO”) to ensure that fairness and transparency is maintained while dealing with unpublished price sensitive information.

Your Board is of the opinion that the Internal Financial Controls, affecting the Financial Statements of your Company are adequate and are operating effectively.

FUTURE PROSPECTS

The coming year is an important one in India’s 2025 journey to a GDP of US\$5 trillion. The economy has started regaining its old vigour. While global factors will always have a role to play as long as we are dependent on imported oil, our belief in the long-term India story continues to remain the same and there will be growth opportunities all across in the future India. In the markets targeted by our Company, with inflation coming down, the outlook for interest rates remains positive. The government will now re-enter into an expansionary mode and with the regulator also pushing growth through rate cuts, we expect growth to come back soon, albeit in a more calibrated manner. The new normal will also need a tweak in the way NBFC industry does business. There will be an enhanced focus on liquidity management and liability side of the balance sheet – something which was on the backburner in the last 3-4 years of growth. Not only will the industry focus on more stable borrowing, improving the cost of this borrowing will be a key vector in value creation going forward. Given the above scenario, we should expect a muted FY21 with normalcy returning.

MATERIAL DEVELOPMENTS IN HUMAN RESOURCES / INDUSTRIAL RELATIONS FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED

Business landscape across the world is marked by fast evolving dynamics. These demand agile responses while keeping the long term focus intact. Your Company is led by highly experienced and successful business leaders with proven track record of delivering sustainable growth in demanding business environment. As of March 31, 2021, your Company has complied with requirement of KMP during the year and other statutes to the extent applicable with a robust team competing on the strength of our people, all of us are bonded together by core values of Pride, Integrity, Discipline and Ambition. We thrive in this climate of ‘Right People for Right Culture’. Your Company has consciously built an entrepreneurial and empowering culture of ‘Results, Not Reasons’. Our culture emphasises on having a workforce that is diverse, agile, eager to learn and driven to succeed. We have modeled ourselves as a learning organization by focusing on ‘Stretch - Learn and Grow’ with Theme Respect for all with parameters like Capacity Building performance management.

SIGNIFICANT CHANGES IN KEY FINANCIAL RATIOS AND FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

The COVID-19 lockdown had an impact on the operating performance of your Company in FY21. We strive to achieve market leadership in scale and profitability, wherever we compete.

INDEPENDENT AUDITOR'S REPORT
To The Members of EASUN CAPITAL MARKETS LIMITED
(UDIN NO L51109WB1982PLC034938)
Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS Financial Statements of **EASUN CAPITAL MARKETS LIMITED ("the Company")**, which comprise the Balance Sheet as at 31st March, 2021, and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the Ind AS financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and its **profit**, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Ind AS financial statements.

Emphasis of matter

We draw attention to Note 43 of the financial statements, as regards to the management's evaluation of COVID-19 impact on the future performance of the Company.

Our opinion is not modified in respect of the above matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

Information Other than the Ind AS Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including annexures to Board's Report and Shareholder's Information, but does not include the Ind AS financial statements and our auditor's report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Managements' Responsibility for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the state of affairs, profit or loss (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decision of user taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure- A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

As required by Section 143 (3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;
- (d) In our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Companies Act, 2013, as amended, read with relevant rules;
- (e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act;
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure -B"; and
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Company has no pending litigations on its financial position in its Ind AS financial statements.
 - (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

(Referred to Paragraph (f) of Report on Other Legal and Regulatory Requirements of our Report of even date)

We have audited the internal financial controls over financial reporting of **EASUN CAPITAL MARKETS LIMITED** ("the Company") as of 31st March, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards

and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES ON FINANCIAL STATEMENTS AS AT 31ST MARCH 2021

1. Corporate Information

Easun Capital Markets Limited (the Company) having CIN No.-L51109WB1982PLC034938 and its registered office 7, Chittaranjan Avenue, 3rd Floor, KOLKATA WB 700072 , India is a Public Limited Company incorporated and domiciled in India.

2.1 Basis of Preparation

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (the Rules).

All the Ind AS issued and notified by the Ministry of Corporate Affairs under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) till the financial statements are approved for issue by the Board of Directors has been considered in preparing these financial statements.

The financial statements have been prepared on a historical cost basis, except for certain financial assets and liabilities which have been measured at fair value as described in accounting policies regarding financial instruments.

Estimates

The Company has exercised the option to measure investment in equity instruments, not held for trading at FVTOCI in accordance with Ind AS 109. It has exercised this irrevocable option for its class of unquoted equity shares. The option renders the equity instruments elected to be measured at FVTOCI non-recyclable to Statement of Profit & Loss.

2.2. Summary of Significant Accounting Policies

Basis of classification of Current and non-current

Assets and liabilities in the Balance Sheet have been classified as either current or non-current based upon the requirements of Schedule III to the Companies Act, 2013.

An asset has been classified as current if (a) it is expected to be realized in, or is intended for sale or consumption in the Company's normal operating cycle; or (b) it is held primarily for the purpose of being traded; or (c) it is expected to be realized within twelve months after the reporting date; or (d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date. All other assets have been classified as non-current.

A liability has been classified as current when (a) it is expected to be settled in the Company's normal operating cycle; or (b) it is held primarily for the purpose of being traded; or (c) it is due to be settled within twelve months after the reporting date; or (d) the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. All other liabilities have been classified as non-current.

An operating cycle is the time between the acquisition of assets for processing and their realization in cash or cash equivalents. The Company has considered its operating cycle to be 12 months.

EASUN CAPITAL MARKETS LIMITED
NOTES ON FINANCIAL STATEMENTS AS AT 31ST MARCH 2021

Fair value measurement

The Company measures certain financial instruments at fair value at each reporting date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- ▶ In the principal market for the asset or liability, or
- ▶ In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

Revenue Recognition

Revenue, if any, from sale of goods will be recognized upon passage of title to the customers which would generally coincide with delivery thereof. Claims, due to uncertainty in realization, are accounted for on acceptance/cash basis. Dividend income on investments is accounted for when the right to receive the payment is established. Interest income, if any, will be recognized on a time proportion basis taking into account the amount outstanding and rate applicable. Profit on sale of investments is recorded on transfer of title from the Company and is determined as the difference between sale price, carrying value of Investment and other incidental expenses. Rental Income is recognised on an accrual basis in accordance with the terms of the relevant agreement.

Operating Leases

Company as Lessee

Leases where the lessor effectively retains substantially all the risks and benefits of the ownership of the leased assets, are classified as operating leases. Operating lease payments are recognized as an expense in the Statement of Profit & Loss on a straight line basis over the leased term.

Company as Lessor

Leases in which the Company does not transfer substantially all the risks and benefits of ownership of the asset are classified as operating leases. Assets subject to operating leases are included in fixed assets. Lease income on an operating lease is recognized in the statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation, are recognized as an expense in the statement of profit and loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognized immediately in the statement of profit and loss.

Retirement Benefits and other employee benefits

Retirement benefit in the form of Gratuity is a defined contribution scheme and the contributions are charged to the Statement of Profit and Loss of the year when an employee renders the related service. There are no obligations other than the contributions payable to the respective trusts / funds.

Short term Employee Benefits are recognised at the undiscounted amount as expense for the year in which the related service is rendered.

Borrowing Costs

Borrowing costs (including other ancillary borrowing cost) directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

Taxation

Provision for current Income Tax is made on the taxable income using the applicable tax rules and tax laws. Deferred Tax, if any, arising on account of timing difference and which are capable of reversal in one or more subsequent period is recognized using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets, if any, subject to consideration of prudence are recognized and carried forward only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

EASUN CAPITAL MARKETS LIMITED
NOTES ON FINANCIAL STATEMENTS AS AT 31ST MARCH 2021

Earnings Per Share

Earnings per share is calculated by dividing the net profit or loss before OCI for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss before OCI for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

Property, Plant and Equipment

Property, Plant and Equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Cost comprises of purchase price and any attributable cost of bringing the asset to its working condition for its intended use. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives.

Under the previous GAAP (Indian GAAP), property, plant and equipment were carried in the balance sheet on cost. The Company has elected to regard those values as deemed cost at the date of transition.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Depreciation on Tangible Property, Plant and Equipment

Depreciation on Property, Plant and Equipment is provided on Written down value method and manner specified in Schedule II of the Companies Act, 2013.

The Company has used Useful lives as specified in Schedule-II of Companies Act, 2013.

Depreciation on Property, Plant and Equipment added/disposed off during the year is provided on pro-rata basis with reference to the date of addition/disposal thereof.

Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or Company's assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered as impaired and is written down to its recoverable amount.

Impairment losses are recognised in the statement of profit and loss.

Provisions

General

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted at a current pre-tax rate that reflects the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

EASUN CAPITAL MARKETS LIMITED
NOTES ON FINANCIAL STATEMENTS AS AT 31ST MARCH 2021

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in three categories:

- (a) Debt instruments at amortised cost
- (b) Debt instruments, derivatives, equity instruments and mutual fund investments at fair value through profit or loss (FVTPL)
- (c) Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- (a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- (b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in interest income in the profit or loss.

Debt instruments, derivatives, equity instruments and mutual fund investments at fair value through profit or loss (FVTPL)

All derivatives and mutual fund investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit & Loss.

Equity instruments measured at fair value through other comprehensive income (FVTOCI)

For all equity instruments other than the ones classified as at FVTPL, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to Profit & Loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the balance sheet) when the rights to receive cash flows from the asset have expired.

Impairment of financial assets

The Company measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, financial guarantee contract payables, or derivative instruments.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Gains or losses on liabilities held for trading are recognised in the statement of profit or loss.

EASUN CAPITAL MARKETS LIMITED
NOTES ON FINANCIAL STATEMENTS AS AT 31ST MARCH 2021

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to P&L. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The Company has not designated any financial liability as at fair value through profit and loss.

Loans and borrowings

This is the category most relevant to the Company. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Cash and Cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

(B) Fair Value Hierarchy

The following table provides the fair value measurement hierarchy of the Company's assets and liabilities. The financial instruments are categorized into three levels based on the inputs used to arrive at fair value measurements as described below:

Quoted prices in an active market (Level 1): Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Valuation techniques with observable inputs (Level 2): The fair value of financial instruments that are not traded in an active market (for example over-the counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Valuation techniques with significant unobservable inputs (Level 3): If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unquoted preference shares and unquoted equity shares (rights) carried at FVTPL and unquoted equity securities carried at FVTOCI included in level 3.

EASUN CAPITAL MARKETS LIMITED**CIN: L51109WB1982PLC034938****Notes to Financial Statements for the year ended March 31, 2021****41. Financial Instruments and related disclosures (continued)**

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

- 1) The fair values of the quoted equity shares are based on price quotations at the reporting date or the last quoted price as available on the reporting date.
- 2) The valuation of unquoted preference shares and unquoted debentures requires management to make certain assumptions about the model inputs, including forecast of cash flows, discount rate, credit risk and volatility. The probabilities of the various estimates within the range can be reasonably assessed and are used in management's estimate of fair value for these unquoted preference shares and bonds. In case of instruments having option to convert with the Company, the management has assigned probable likelihood of conversion depending on equity stake in the target entity, domain of operation and liquidity. Wherever, the probability is low, valuation has been done based on redemption assumptions.

Sensitivity of fair value measurements to changes in unobservable market data

The significant unobservable inputs used in the fair value measurement categorised within Level 3 of the fair value hierarchy together with a quantitative sensitivity analysis as at March 31, 2021 and March 31, 2020 are as shown below:

Description of significant unobservable inputs to valuation:**(Rs. in Lakhs)**

Particulars	Valuation Technique	Significant unobservable inputs	Range	Sensitivity of the input to fair value
Investments in Debt Instruments (Preference Shares)	DCF method	Discount Rate	March 31, 2021: 9.32% March 31, 2020: 9.73%	1% Increase in the discount rate would decrease the fair value by Rs. 5.90 Lakh (March 31, 2020 - Rs. 7.15 Lakh). 1% Decrease in the discount rate would increase the fair value by Rs. 6.11 Lakh (March 31, 2020 - Rs. 7.47 Lakh)

(C) Financial risk management objectives and policies

The Company's principal financial assets include loans, investments at Fair Value, Inventory and cash and cash equivalents.

The Company is exposed to market risk and credit risk. The Company's senior management oversees the management of these risks and is supported by professional manager who advises on financial risks and assist in preparing the appropriate financial risk governance framework for the Company. It provides assurance to the Company's senior management that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. It is the Company's policy that no trading in derivatives for speculative purposes can be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks which are summarized below:

(a) Market risk

Market risk is the risk when the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity price risk. Financial instruments affected by market risk include borrowings, deposits, derivative financial instruments, FVTPL Investments, etc.

Interest Rate Risk: Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates. The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings.

Currency Risk: Currency risk is the risk that the future cash flows of a financial instrument will change because of changes in currency rates. During the period under review, the company did not face currency risk.

Price Risk: Equity price risk is related to change in market reference price of investments in equity securities held by the Company. The fair value of quoted investments held by the Company exposes the Company to equity price risks. In general, these investments are not held for trading purposes.

The fair value of quoted investments in equity, classified as fair value through Other Comprehensive Income as at March 31, 2021 is Rs. 3.61 Lakh (March 31, 2020: Rs. 3.61 Lakh).

An 1% change in prices of these equity instruments held as at March 31, 2021 and March 31, 2020 would result in an impact of Rs. 0.0361 Lakh and Rs. 0.0361 Lakh respectively.

(b) Liquidity Risk

Liquidity risk is the risk that the Company does not have sufficient financial resources to meet its obligations as they fall due, or will have to do so at an excessive cost. This risk arises from mismatches in the timing of cash flows which is inherent in all finance driven organisations and can be affected by a range of Company-specific and market-wide events.

(c) Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration risks. Pledge obligation risk is the risk that may occur in case of default on part of Pledgee company which may immediately amount to loss of assets of Company. The Company has adopted a policy of only dealing with creditworthy counterparties to mitigating the risk of financial loss from defaults. Company's credit risk arises principally from loans and cash & cash equivalents.

(d) Dividend Income risk

Dividend income risk refers to the risk of changes in the Dividend income due to dip in the performance of the investee companies .

Notes to Financial Statements for the year ended March 31, 2021

43. On account of outbreak of COVID-19 the government of India/Government of respective countries had imposed a nation-wide lockdown in the month of March, 2020 leading to temporary shut-down of the operations. Since then the respective government and state authorities has progressively relaxed lockdown conditions and has allowed industries and businesses to resume operations and the company has commenced its project operations in a phased manner from May 2020 as per the relaxations announced by the appropriate government authorities. The management has assessed its liquidity position as on March 31, 2021 and does not anticipate any challenge in the company's ability to continue as a going concern including recoverability of the carrying value of its property, plant and equipment and intangible assets. The impact of pandemic in the subsequent periods is highly dependent on the situations as they evolve, hence eventual impact may be different from that estimated as at the date of approval of these financials.
